

# PIK3CA – PIK3R1

Ready to Go Assays • Customizable • Cost-Effective • Fast Turnaround Time

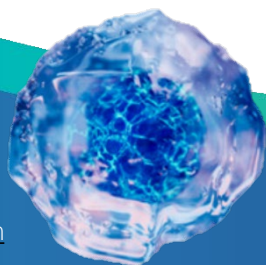

## Variety of biophysical and biochemical Assays Available

○ 2 weeks turnaround time

## PIK3CA – PIK3R1

### Prime Protein Production

- High-quality production of various constructs fully established
  - Apo, GDC-0077 bound
  - WT and mutations: H1047R, E545K, E542K Stocked protein available

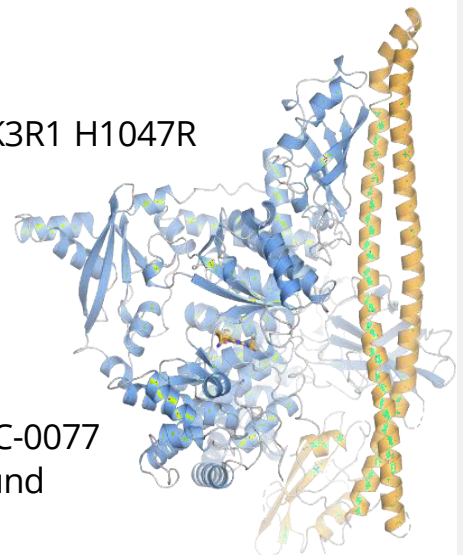

### X-ray Crystallography

Crystallization systems established

Delivery of <math><2 \text{ \AA}</math> structures in 4 weeks

PIK3CA-PIK3R1 H1047R

GDC-0077  
bound
