

Dianthus Platform | PRMT5 – WDR77

Ready to Go Assays • Customizable • Cost-Effective • Fast Turnaround Time

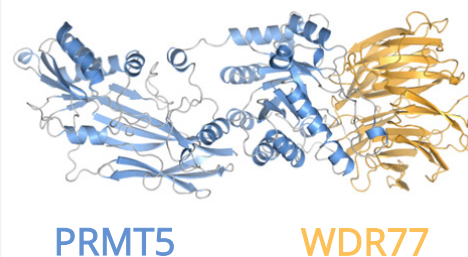

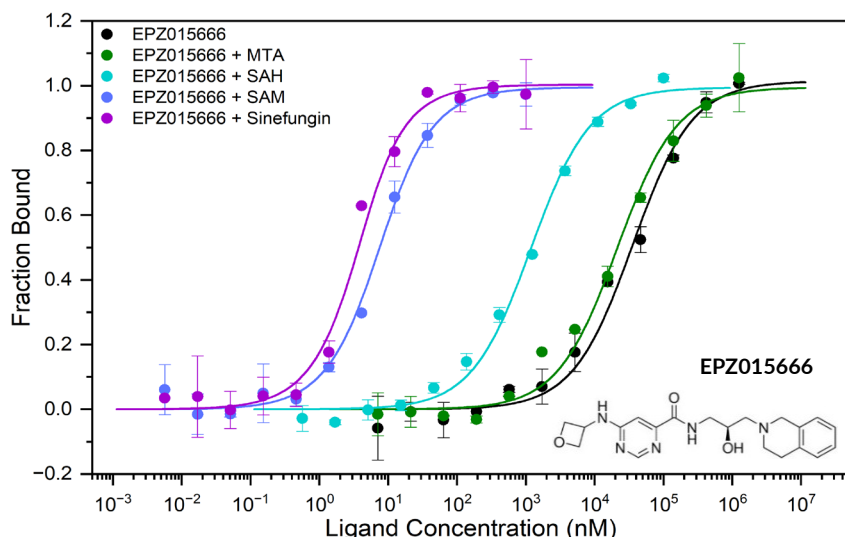

Combining Ready-To-Go Assays with Dianthus Spectral Shift Technology to Accelerate the Discovery of PRMT5-WDR77 Inhibitors

Spectral Shift Technology

- Low sample consumption
- High throughput screening
- In solution binding affinities

EPZ015666 Binding to PRMT5-WDR77 in Presence of Cofactors
